returns to Antarctica and explores why Scott's carefully planned expedition failed, ending in tragedy. Why did Scott's meticulously laid plans finally end in disaster, while his... the Pole only days before the British team? In a newly revised and updated version of her original book, Diana Preston, On November 12, 1912, a rescue team trekking across Antarctica's Great Ice Barrier finally found what they sought - the discovery: Scott's frozen body lay between the bodies of two fellow explorers. They had died just eleven miles from the Pole, and his hopes of offering Jane a secure future. Brokenhearted, and attempting to end their engagement without destroying...
