This is a 3-book bundle, which addresses various subtopics, including but not limited to these: Book 1: This book can help you save time and money! When doing taxes, accounting, or income statements, many people are puzzled. It starts with knowing what is what: the definitions. Then, filling out the balance sheets and the numbers, can be an equally complicated task as well. And finally, most people want to get the most out of their business or salary: The highest return, the lowest costs, and the lowest amount of taxes paid. All of these concerns are real and they won't go away on their own. But at least, with a book like this, you can take one step in the right direction. This book’s aim is to teach you some of those necessary definitions, to break down what they mean, and to become more familiar with doing general accounting. If this is what you’ve been looking for, then I encourage you to pick up the book and start reading or listening to it. Book 2: When it comes to considering your finances, many decisions are involved. The numbers count! So, in order to understand those numbers, some terms have to be understood first. The words that are used in the financial world, can be daunting at times. But fear no longer, my good friend. Help is on the way! In this guide, you will learn more about the meaning and application of financial terms like these: Dividends Equity Accumulated devaluation Retained earnings Sinking funds Solvency Subordinated financial obligation Debt restructuring And much more! Get educated today! Don’t wait any longer and learn more about accounting. Book 3: This guide covers a whole range of topics related to doing your accounting tasks and numbers properly. Such topics include: Netting Advance payments Liquidation preference Rollover risk Leasebacks Gearing Liens Net interest margins Parallel loans Defeasance Many other words and their meanings will also be addressed. If you want to understand those metrics better, this book will be a great tool for you to become acquainted with the terminology and use of these issues.
