This hands-on book introduces students to the demands of university study in a clear and accessible way and helps them to understand what is expected of them. It helps students to develop the core skills they need to succeed at university, and gives guidance on the key forms of academic writing, including essays, reports, reflective assignments and exam papers. It shows students how to recognise opinions, positions and bias in academic texts from a range of genres, develop their own 'voice' and refer to others' ideas in an appropriate way. It also features authentic examples of academic texts and engaging activities throughout to aid understanding. Packed with practical guidance and self-study activities, this book will be an essential resource for all students new to university-level study.

Take the fear out of writing essays and empower your students by
giving them the tools to comprehensively express their point of view.
Our resource breaks down the writing process while exploring the four
different kinds of essays. Start off by learning what is an essay
before using graphic organizers to help during the prewriting process.
Continue this understanding with drafting by completing an informal
outline. Then, go into great detail when describing something with
descriptive essays. Learn how to tell a story with narrative essays.
Explain a difficult subject more easily with informative or expository
essays. Find out how to change someone's mind with persuasive essays.
Finish up the unit with revising, proofreading and editing practice.
Aligned to your State Standards and written to Bloom's Taxonomy,
reproducible writing tasks, crossword, word search, comprehension quiz
and answer key are also included.
Get subject reviews by domain, analyses of question types, a vocabulary list, and two full-length practice tests.

Publishes in-depth articles on labor subjects, current labor statistics, information about current labor contracts, and book reviews.
