Children have always been close to the heart of God. It is when children are sick, even dying, that they can suddenly bring us closer to God and our own mortality. For over twenty years, Dr. Reggie Anderson has been privileged to heal children, serving as their doctor, their friend, and, at times, their minister. When Dr. Reggie Anderson is present at the bedside of a dying patient, something miraculous happens. Sometimes as he sits vigil and holds the patient's hand... he can experience what they feel and see as they cross over. Because of these God-given glimpses of the afterlife—his "appointments with heaven"—Reggie knows beyond a doubt that we are closer to the next world than we think. Join him as he shares remarkable stories from his life and practice, including the tragedy that nearly drove him away from faith forever. He reveals how what he's seen, heard, and experienced has shaped what he believes about living and dying; how we can face the passing of our loved ones with the courage and confidence that we will see them again; and how we can each prepare for our own "appointment with heaven."
