Attempts on Her Life

The Bench theatre company has chosen to present Martin Crimp's Attempts On Her Life which is not so much a play as a theatrical experience. There is no story, only a situation. Anne, the invisible focus of the piece, has disappeared. She - her personality, her life - is defined by the words and actions of people who do not know her. And that's it.
‘Attempts on Her Life’ is a postdramatic theatre text. This means that it ruptures and goes beyond the normal, traditional definition of dramatic theatre. As dramatic theatre plays are presented on stage, they try to mimic life, to create their own fictional

I'm not certain whether to describe 'Attempts On Her Life' as a play or something quite different. In fact it is quite different. No, it's very different. Certainly, in terms of both the script and Katie Mitchell's production of it, there is little in the way of what one would normally regard as a play.

Review of Attempts on Her Life at the Lyttelton, NT Theatre
It is over twenty years since Martin Crimp’s Attempts on Her Life was first performed at the Royal Court theatre in London. Mysterious and confusing, the text reflects on modern society and confronts controversial themes, such as terrorism and pornography, through the figure of Anne. Importantly, Crimp states at the beginning of the text that ‘this is a piece for a company of actors whose composition should reflect the composition of the world
beyond the theatre’.

Winner of the 2010 National Book Critics Circle Award for Biography How to get along with people, how to deal with
violence, how to adjust to losing someone you love—such questions arise in most people’s lives. They are all versions of a bigger question: how do you live? How do you do the good or honorable thing, while flourishing and feeling happy? This question obsessed Renaissance writers, none more than Michel Eyquem de Monatigne, perhaps the first truly modern individual. A nobleman, public official and wine-grower, he wrote free-roaming explorations of his thought and experience, unlike anything written before. He called them “essays,” meaning “attempts” or “tries.” Into them, he put whatever was in his head: his tastes in wine and food, his childhood memories, the way his dog’s ears twitched when it was dreaming, as well as the appalling events of the religious civil wars raging around him. The Essays was an instant bestseller and, over four hundred years later, Montaigne’s honesty and charm still draw
people to him. Readers come in search of companionship, wisdom and entertainment—and in search of themselves. This book, a spirited and singular biography, relates the story of his life by way of the questions he posed and the answers he explored. It traces his bizarre upbringing, youthful career and sexual adventures, his travels, and his friendships with the scholar and poet Étienne de La Boétie and with his adopted “daughter,” Marie de Gournay. And we also meet his readers—who for centuries have found in Montaigne an inexhaustible source of answers to the haunting question, “how to live?”

A guide to all of the plays of Martin Crimp. For a decade, Martin Crimp has been in the vanguard of new writing for the British stage. His main stage plays include Dealing with Clair, The Treatment,
Attempts on Her Life, The Country, and Cruel and Tender, with his 1997 masterpiece, Attempts on Her Life, arguably being one of the best plays of the past quarter century. By the author of the landmark study of contemporary British drama, In-Yer-Face Theatre, this is the first study of Martin Crimp's work for stage and radio. Arguing that Crimp is one of the most acute satirists of contemporary British society, Aleks Sierz provides an accessible and fascinating account of the playwright's work. As well as an account of each of Crimp's plays and an analysis of his oeuvre, the volume includes a wide-ranging interview with Crimp himself and interviews with all the key directors responsible for staging his work, including Sam Walters, Katie Mitchell, James Mcdonald and Lindsay Posner.

Sex, work, pregnancy, parents, weird neighbours, cleaning the
fridge and dancing: Play House tells - in thirteen fleeting scenes - the story of a young couple's attempts to set up home. In Definitely the Bahamas, Frank and Milly relish the visits of Michael, their charming and successful only child. But what exactly is his relationship to the young student living in their house? Martin Crimp's Definitely the Bahamas was first staged at the Orange Tree Theatre, Richmond, in 1987. It was revived there with Play House, a new play, in March 2012.

One of Latin America's most important and prolific writers, Griselda Gambaro has focused on the dynamics of repression, complicity, and violence--specifically, the terror of violent regimes and their devastating effects on the moral framework of society. Information for Foreigners is a drama of disappearance, an
experimental work dealing with the theme of random and meaningless punishment in which the audience is led through darkened passageways to a series of nightmarish tableaux. The collection also includes The Walls and Antigona Furiosa.

Operating somewhere between fiction and poetry, biography and theory, the pieces in Danielle Dutton's ATTEMPTS AT A LIFE, though nominally stories, might indeed be thought of as attempts. They do what lively stories do best, creating worlds of possibility, worlds filled with surprises, but rather than bring these worlds to some sort of neat conclusion, they constantly push out towards something new. In S&M, a marriage suffers from the words you were always missing: sky, loft, music, dogs, pipes, puppets, war. In Mary Carmichael, a woman with a pair of scissors and the need to
cut out her insatiable desire slices a veiled hat from a fern in a pot and a river out of a postbox. Like the experiments in found movement one character conducts (in Everybodys Autobiography), Duttons stories find movement wherever they turn, in every phrase and cadence, each sentence a small explosion of images and anthems and odd juxtapositions. This is writing in which the imagination (both writers and readers) is capable of producing almost anything at any moment, from a shiny penny to an alien metropolis, a burning village to a bright green bird.

An account of the eight assassination attempts on the life of Queen Victoria.

The "hilarious and poignant" story of one chronically anxious
woman's yearlong quest to seek out the adventures she's spent her life avoiding (Cheryl Strayed). For most of her life (and even during her years as the host of a popular radio show), Courtenay Hameister lived in a state of near-constant dread and anxiety. She fretted about everything. Her age. Her size. Her romantic prospects. How likely it was that she would get hit by a bus on the way home. Until a couple years ago, that is, when, in her mid-forties, she decided to fight back against her debilitating anxieties. She would spend a year doing all the things that scared her -- things that the average person might consider doing for a half second before deciding: "nope." Things like: attending a fellatio class. She did that. She also spent an afternoon in a sensory deprivation tank, got (legally) high in the middle of a workday, had a session with a professional cuddler, braved twenty-eight first dates, and (perhaps scariest of all) actually
met someone who might possibly appreciate her for who she is. Refreshing, relatable, and pee-your-pants funny, Okay Fine Whatever is Courtenay's hold-nothing-back account of her adventures on the front lines of Mere Human Woman vs. Fear, reminding us that even the tiniest amount of bravery is still bravery, and that no matter who you are, it's possible to fight complacency and become bold, or at least bold-ish, a little at a time. "You guys, this book is f*cking funny." -- Chelsea Handler
