Douglas Bader was a legend in his lifetime. After losing both legs in a 1931 air crash and being dismissed by the Royal Air Force, he fought his way back into the cockpit of a Spitfire and became one of the great heroes of the Battle of Britain. Bader’s story is so extraordinary that no one would dare invent it, and his accomplishments have been an inspiration to many. Told he would never walk without a cane, Bader became not only one of

One of the world’s most famous business leaders (and a well-known avian fanatic) explores the pioneers of flight. Bestselling author and billionaire entrepreneur Sir Richard Branson has always been obsessed with the history of flight, and he’s written a book about the great flyers of the past. Branson has always been fascinated by the stories of the men who risked their lives to take to the skies, and he’s written about the ways in which those stories have inspired him. He has always been interested in the history of flight, and he’s written about the ways in which those stories have inspired him. He has always been interested in the history of flight, and he’s written about the ways in which those stories have inspired him.
