India is shining, and Suresh Kaushal, the stout lawyer -of sober habits', has propelled himself up the political ladder to become Minister of State for Food Processing, Animal Husbandry, Fisheries and Canneries. His wife Priya can't believe their luck and, determined to ensure it doesn't run out, struggles valiantly with 'social vertigo', infidelity and menopause. Along the way she also learns vital lessons on
survival, as she watches her glamorous new friend Poonam chase status, sex and Jimmy Choo shoes, and her radical old friend Lenin ride a donkey and lose his bearings. In this wickedly funny, occasionally tender, book, Namita Gokhale resurrects some unforgettable characters from her 1984 cult bestseller Paro, and plunges them neck-deep into Delhi’s toxic waste of power, money and greed.

Ganesha, the elephant-headed god, is easily the most recognizable and loveable of Hindu deities. But pinpointing his various attributes is not quite so simple. He is at once the portly, merry, childlike god and the sage, complex philosopher. He is the presiding deity of material wealth and the lord of spirituality. He removes all impediments for his devotees but creates all manner of difficulties for the transgressors, man or god. And associated with every aspect of Ganesha—be it his extraordinary birth, his elephant head, his broken tusk, his vehicle (the mouse), his appetite, his anger—are scores of myths, each more colourful than the other. In this thoroughly researched and delightfully narrated book, Royina Grewal gives us the many stories of Ganesha, exploring their significance and how they reflect the times and the cultures during which they originated.

A rich, panoramic historical novel shows you Kumaon and the Raj as you have never seen them. It is 1856, in picturesque Kumaon. History has already begun its steady march. Six native women clad in black and scarlet pichauras huddle around Nainimal Lake, attempting to cleanse it of threatening new influences. For, these are the days of Upper Mall Road (for Europeans and their horses) and Lower Mall Road (‘for dogs, servants and other Indians’). And this is the story of feisty young Tilottama Dutt, whose uncle hangs when he protests the reigning order—and her daughter, Deoki, who will confront change as Indians, and as women. Things to Leave Behind brings alive the romance of the mixed legacy of British-Indian past. Full of the fascinating backstory of Naineteal and its unwilling entry into Indian history, throwing a shining light on the elemental confusion of caste, creed and culture, illuminated with painstaking detail, here is a fascinating historical epic—and Namita Gokhale’s most ambitious novel yet.

‘A long, long time ago, in the ancient lands of India, known in those days as Bharatvarsha, a family quarrel grew into a bloody war. There had been wars before, and there have been wars since, but that mighty battle between warring cousins of the Kuru clan has become a part of the mythology and history of India. Told and retold a million times, the story of the Mahabharata is about defeat as much as victory, about humility as much as courage. It is the greatest story ever told.’ Like a modern-day suta or storyteller, Namita Gokhale brings alive India’s richest literary treasure with disarming ease and simplicity. She retells this timeless tale of mortals and immortals and stories within stories, of valour, deceit, glory and despair, for today’s young reader in a clear, contemporary style. A brilliant series of evocative and thoughtful illustrations by painter and animator Suddhasattwa Basu brings the epic to life in a vibrant visual feast. Matchless in its content and presentation, The Puffin Mahabharata is a book that will be cherished by readers of all ages.
