Everyone already knows that. But the General of an army of Psycho Soldiers takes on this planetary hell headfirst, planning to enslave all of the Borderlands. And that General . . . is a Goddess. The General Goddess, Gynella, is a cunning maniac who uses the dark science of the vile Dr. Vialle to control a growing army of bandits and malcontents. Only four people stand in Gynella's way. Roland. Mordecai. Brick. And . . . Daphne. Daphne?! Better known as Kuller the Killer, she was once the galaxy's most effective assassin for organized crime—until her forced retirement on this abandoned wasteland of a world. Roland is one of the toughest fighters in the Borderlands, and Mordecai is the best shot in four solar systems—all the two really want is to get to the Crystalisks, harvest some Eridium, get rich, and leave the planet for the nearest intergalactic party. But there are nightmarish creatures to deal with: Varkids and Skags and Threshers. Worse, Gynella is still in their way. Brick—a pile of walking muscle who lives to smash his enemies, could be their ally or their enemy . . . but you'd definitely rather have him on your side. As for Daphne Kuller? Don't make her mad. Just . . . don't. If you want to hear about the whole thing, take a ride on the bus to Firestone with Marcus. Because Marcus has a tale to tell you . . . an untold story of the Borderlands.

Roland, a former mercenary, becomes a guide and bodyguard to Zac Finn and his family on a dangerous planet in the Borderlands, and must protect them from aliens and bandits while Zac searches for alien treasure.

An original novel set in the universe of the award-winning video game! The Borderlands cannot be conquered! Mordecai and Daphne have gotten themselves in a tough spot near the highly dangerous town of Gunsight, one of the most remote outposts on the planet Pandora, out in the boonies of the Borderlands. Daphne has been taken prisoner by Jasper, a local warlord who controls the area around Gunsight . . . except for that other settlement, the former mining town Tumessa. There's some kind of big secret operation going on in Tumessa—another warlord, a particularly mutated Psycho named Reamus, is somehow making money. And he's been relentlessly raiding Gunsight and kidnapping Jasper's people. Jasper may be scum, but he needs those people for raids on other towns, so it all has to balance out. Mordecai needs to negotiate for Daphne's release, but now the only way he'll ever see her alive again is to kill his way into Tumessa, find out what's going on there, and report back to Jasper—only then will Mordecai get a paycheck and the girl. Mordecai doesn't want the job, but he is pretty devoted to Daphne . . . and somehow, he just might be able to turn this entire mess to his advantage . . .
