C. S. Lewis: A Biography by Roger Lancelyn Green – Alibris
Hooper was born in Reidsville, North Carolina, United States. He earned an M.A. in education and was an instructor in English at the University of Kentucky in the early 1960s. He served briefly in 1963 as C.S. Lewis's private secretary when Lewis was in declining health.

Walter Hooper – Wikipedia
Clive Staples Lewis (29 November 1898 – 22 November 1963), usually called C. S. Lewis, was a British scholar who wrote about 40 books. He was born in Belfast, Northern Ireland. He is famous for his fantasy works, essays, and writings on literature and theology. Lewis' theological works are usually apologetics, the defence of Christianity.

A review of Lewis' family background and private, intellectual, and religious life, based primarily on his own personal papers

As I walked away from New Buildings, I found the man that Lewis had called "Tollers" sitting on one of the stone steps in front of the arcade. "How did you get on?" he asked. "I think rather well. I think he will be a most interesting tutor to have." "Interesting? Yes, he's certainly that," said the man, who I later learned was J. R. R. Tolkien. "You'll never get to the bottom of him." Over the next twenty-nine years, author George Sayer's first impression about C. S. Lewis proved true. He was interesting; but he was more than just that. He was a devout Christian, gifted literary scholar, best-selling author, and brilliant apologist. Sayer draws from a variety of sources, including his close friendship with Lewis and the million-word diary of Lewis's brother, to paint a portrait of the man whose friends knew as Jack. Offering glimpses into Lewis's extraordinary relationships and experiences, Jack details the great scholar's life at the Kilns; days at Magdalen College; meetings with the Inklings; marriage to Joy Davidman Gresham; and the creative process that produced such world-famous works as the classic Chronicles of Narnia, Mere Christianity, and The Screwtape Letters. This book is an intimate account of the man who helped-and through his works, continues to help-generations hear and understand the heart of Christianity.

C. S. Lewis is one of the most influential Christian writers of our time. The Chronicles of Narnia has sold more than 100 million copies worldwide and all Lewis's works are estimated to sell 6 million copies annually. At the fiftieth anniversary of his death, Lewis expert Devin Brown brings the beloved author's story to life in a fresh, accessible, and moving biography through focusing on Lewis's spiritual journey. Although it was clear from the start that Lewis would be a writer, it was not always clear he would become a Christian. Drawing on Lewis's autobiographical works, books by those who knew him personally, and his apologetic and fictional writing, this book tells the inspiring story of Lewis's journey from cynical atheist to joyous Christian and challenges readers to follow their own calling. The book allows Lewis to tell his own life story in a uniquely powerful manner while shedding light on his best-known works.

The stepson of the renown author of Further Up and Further In, The Keys to the Chronicles, and Narnia Beckons highlights the great writer's life in an extraordinary portrait. 25,000 first printing.
The life and times of C. S. Lewis's modern spiritual classic *Mere Christianity*, C. S. Lewis's eloquent defense of the Christian faith, originated as a series of BBC radio talks broadcast during the dark days of World War Two. Here is the story of the extraordinary life and afterlife of this influential and inspiring book. George Marsden describes how Lewis gradually went from being an atheist to a committed Anglican—famously converting to Christianity in 1931 after conversing into the night with his friends J. R. R. Tolkien and Hugh Dyson—and how his plainspoken case for Christianity went on to become one of the most beloved spiritual books of all time.

Provides a documented portrait of the well-known author.

An Oxford student of C.S. Lewis's said he found his new tutor interesting, and was told by J.R.R. Tolkien: "Interesting? Yes, he's certainly that. You'll never get to the bottom of him." You can learn a great deal about people by their friends and nowhere is this more true than in the case of C.S. Lewis, the remarkable academic, author, populariser of faith—and creator of Narnia. He lost his mother early in life, and became estranged from his father, much to his regret. Throughout his life, key relationships mattered deeply to him, from his early days in the north of Ireland and his schooldays in England, as still a teenager in the trenches of World War One, and then later in Oxford. The friendships he cultivated throughout his life proved to be vital, influencing his thoughts, his beliefs and his writings. What did Arthur Greeves, a life-long friend from his adolescence, bring to him? How did J.R.R. Tolkien, and the other members of the now famous Inklings, shape him? Why, in his early twenties, did he move in with a single mother twice his age, Janie Moore, and live with her for so many years until her death? And why did he choose to marry so late? What of the relationship with his alcoholic and gifted brother, who eventually joined his unusual household? In this sparkling new biography, which draws on material not previously published, Colin Duriez brings C.S. Lewis and his friendships to life.
