This student text book is aimed at Pre-Intermediate A2 level learners. The aim of the series is to give students the chance to expand their vocabulary in different areas. Each unit deals with a common
vocabulary topic; the vocabulary is taught through a variety of exercises with lots of illustrations to make them more lively and interesting. This series can be used as Time Fillers; when teachers have some
extra time and they need something to do to help students revise what they have already been taught. Alternatively, it can also be used to help weak students enrich their vocabulary in various common
This edited book brings together fifteen original empirical studies from a variety of international contexts to provide a detailed exploration of topics.
language assessment, testing and evaluation. Language assessment has a key role in the development and implementation of language and educational policies at the national level, and this book examines some of the
impacts – both positive and negative – of different skills testing and examination approaches on learning outcomes and individual students' language learning. This book will be of interest to
scholars working in applied linguistics and language education, teacher training, testing and evaluation, as well as stakeholders such as practitioners, educators, educational agencies, and test developers.
