Hornby, Nick – How to Be Good

In Nick Hornby's How to Be Good, Katie Carr is certainly trying to be. That's why she became a GP. That's why she cares about Third World debt and homelessness, and struggles to raise her children with a conscience. It's also why she puts up with her husband David, the self-styled Angriest Man in Holloway.

How to Be Good by Nick Hornby

How to Be Good is a 2001 novel by the English writer Nick Hornby. It centers on characters Katie Carr, a doctor, and her husband, David Grant. The story begins when David stops being "The Angriest Man In Holloway" and begins to be "good" with the help of his spiritual healer, DJ GoodNews (who also shows up briefly in Hornby's A Long Way Down). The pair go about this by nominally convincing people to give their spare bedrooms to the homeless, but as their next scheme comes around, "reversal ...

How to Be Good - Wikipedia

Nick Hornby is the author of six bestselling novels ( High Fidelity, About a Boy, How To Be Good, A Long Way Down, Juliet, Naked and Funny Girl ), as well as a novel for young adults, Slam, and four works of acclaimed non-fiction: Fever Pitch, 31 Songs, The Complete Polysyllabic Spree and Stuff I've Been Reading.

Definition of in good nick British , informal : in good condition I watched the team practice, and all the players looked in good nick.

A wise and hilarious novel from the bestselling author of Funny Girl, High Fidelity, and About a Boy. A brutally truthful, compassionate novel about the heart, mind, and soul of a woman who, confronted by her husband's sudden and extreme spiritual conversion, is forced to learn how to be good—whatever that means, and for better or worse! Katie Carr is a good person—sort of. For years her husband's been selfish, sarcastic, and underemployed. But now David's changed. He's become a good person, too. Really good. He's found a spiritual leader. He has become kind, soft-spoken, and earnest. Katie isn't sure if this is deeply felt conversion, a brain tumor—or David's most brilliantly vicious manipulation yet. Because she's finding it more and more difficult to live with David/and with herself.

THE MILLION-COPY NO.1 BESTSELLER 'Enormously powerful' Guardian 'Hilarious, sophisticated, compulsive' The Times ________________ 'I am in a car park in Leeds when I tell my husband I don't want to be married to him any more. . .' London GP Katie Carr always thought she was a good person. With her husband David making a living as 'The Angriest Man in Holloway', she figured she could put up with anything. Until, that is, David meets DJ Goodnews and becomes a good person too. A far-too-good person who starts committing crimes of charity like taking in the homeless and giving their kids' toys away. Suddenly Katie's feeling very bad about herself, and thinking that if charity begins at home, then maybe it's time to move. . . This laugh-out-loud novel, from the bestselling author of About a Boy and High Fidelity, will have you gripped from start to finish and will appeal to fans of David Nicholls and Jonathan Coe, as well as readers in need of a moral compass everywhere. ________________ 'Pins you in your armchair and won't let you go . . . How to be Good? How to be bloody marvellous, more like' Mail on Sunday 'It does exactly what it says on the cover. Hornby's prose is artful and effortless, his spiky wit as razored as a number-two cut' Independent 'The writing is so funny, and the set-pieces so brilliant . . . Hornby's best book since Fever Pitch' Lynn Truss, The Times

According to her own complex moral calculations, Katie Carr has earned her affair. She's a doctor, after all, and doctors are decent people, and on top of that, her husband David is the self-styled Angriest Man in Holloway. But when David suddenly becomes good - properly, maddeningly, give-away-all-his-money good - Katie's sums no longer add up, and she is forced to ask herself some very hard questions. Nick Hornby's brilliant new novel, a No. 1 bestseller in the UK and Ireland, offers a painfully funny account of modern marriage and parenthood, and asks that most difficult of questions: what does it mean to be good?
"Lucy used to handle her adult romantic life according to the script she'd been handed. She met a guy just like herself: same age, same background, same hopes and dreams; they got married and started a family. Too bad he made her miserable. Now, two decades later, she's a nearly-divorced, forty-one-year-old schoolteacher with two school-aged sons, and there is no script anymore. So when she meets Joseph, she isn't exactly looking for love--she's more in the market for a babysitter. Joseph is twenty-two, living at home with his mother, and working several jobs, including the butcher counter where he and Lucy meet. It's not a match anyone one could have predicted. He's of a different class, a different culture, and a different generation. But sometimes it turns out that the person who can make you happiest is the one you least expect, though it can take some maneuvering to see it through"--

Nick and Baby Z wonder why Sammy the sparrow and Beatrice the butterfly are friends.

Critically acclaimed novelist Michael Farris Smith pulls Nick Carraway out of the shadows and into the spotlight in this "masterful" look into his life before Gatsby (Richard Russo, Pulitzer Prize-winning author of EMPIRE FALLS and CHANCES ARE) Before Nick Carraway moved to West Egg and into Gatsby's periphery, he was at the center of a very different story—one taking place along the trenches and deep within the tunnels of World War I. Floundering in the wake of the destruction he witnessed firsthand, Nick delays his return home, hoping to escape the questions he cannot answer about the horrors of war. Instead, he embarks on a transcontinental redemptive journey that takes him from a whirlwind Paris romance—doomed from the very beginning—to the dizzying frenzy of New Orleans, rife with its own flavor of debauchery and violence. An epic portrait of a truly singular era and a sweeping, romantic story of self-discovery, this rich and imaginative novel breathes new life into a character that many know but few have pondered deeply. Charged with enough alcohol, heartbreak, and profound yearning to paralyze even the heartiest of golden age scribes, Nick reveals the man behind the narrator who has captivated readers for decades.

"How often do you begin reading a book that makes you—immediately, urgently, desperately—want to read more books?" (Booklist). Nick Hornby has managed to write just such a book in this hilarious, insightful, and infectious volume. Ten Years in the Tub chronicles Hornby's journey through a decade's worth of books, as related in his wildly popular Believer column "Stuff I've Been Reading." Ten Years in the Tub is a one-way ticket into the mind of one of the most beloved contemporary writers on his favorite pastime, but it's also a meditation on what Celine Dion can teach us about ourselves, a warning about how John Updike can ruin our sex lives, and a recommendation for the way Body Shop Vanilla Shower Gel can add excitement to our days. This "decade-long addiction for many... makes standing in line at the bank a blessed interval for snorting another page." (the New York Times Book Review)

Turns out much of the advice we've been given about how to make the world a better place turns out to be dead wrong. Donating to certain charities will do thousands of times more good than donating to others. Non-profits that choose to carry out one program instead of another will be hundreds of times less successful than they could be, regardless of how bright, hard-working, and compassionate their staff may be. The majority of Americans are involved in charitable work. Most of us volunteer. Millions go to work each day at a non-profit organization. By taking a more rigorous, calculated approach to charity, we can learn how to do dramatically more good. We can learn how to truly change the world. This book shows you how. Drawing on fifteen years of non-profit experience, a working knowledge of thousands of academic studies on what drives charitable and behavioral decisions, interviews with non-profit and philanthropy professionals, and years of reading, writing, and lecturing on how to effectively bring about social change, The first book to address how a whole host of psychological and social factors combine to drive us toward making bad charitable decisions, its unique content and frank approach will help it stand out in the field of non-profit and philanthropy books.

The Great Gatsby is a 1925 novel written by American author F. Scott Fitzgerald that follows a cast of characters living in the fictional town of West and East Egg on prosperous Long Island in the summer of 1922. The story primarily concerns the young and mysterious millionaire Jay Gatsby and his quixotic passion and obsession for the beautiful former debutante Daisy Buchanan. The Great Gatsby explores themes of decadence, idealism, resistance to change, social upheaval, and excess, creating a portrait of the Jazz Age or the Roaring Twenties that has been described as a cautionary tale regarding the American Dream. Set on the prosperous Long Island of 1922, this sweeping, romantic story of self-discovery, this rich and imaginative novel breathes new life into a character that many know but few have pondered deeply. Charged with enough alcohol, heartbreak, and profound yearning to paralyze even the heartiest of golden age scribes, Nick reveals the man behind the narrator who has captivated readers for decades.

The Great Gatsby is a 1925 novel written by American author F. Scott Fitzgerald that follows a cast of characters living in the fictional town of West and East Egg on prosperous Long Island in the summer of 1922. The story primarily concerns the young and mysterious millionaire Jay Gatsby and his quixotic passion and obsession for the beautiful former debutante Daisy Buchanan. The Great Gatsby explores themes of decadence, idealism, resistance to change, social upheaval, and excess, creating a portrait of the Jazz Age or the Roaring Twenties that has been described as a cautionary tale regarding the American Dream. Set on the prosperous Long Island of 1922, The Great Gatsby provides a critical social history of America during the Roaring Twenties within its fictional narrative. That era, known for profound economic prosperity, the development of jazz music flapper culture, new technologies in communication (motion pictures, broadcast radio, recorded music) forging a genuine mass culture; and bootlegging, along with other criminal activity, is plausibly depicted in Fitzgerald's novel. Fitzgerald uses many of these societal developments of the 1920s that were to build Gatsby's stories from many of the simple details like automobiles to broader themes like Fitzgerald's discreet allusions to the organized crime culture which was the source of Gatsby's fortune. Fitzgerald depicts the garish society of the Roaring Twenties by placing the book's plotline within the historical context of the era.

Read what you enjoy, not what bores you." Nick Hornby tells us. That simple, liberating, and indispensable directive animates each installment of the celebrated critic and author's monthly column in the Believer. In this delightful and never-musty tour of his reading life, Hornby tells us not just what to read, but how to read. Whether tackling a dismaying bulky biography of Dickens while his children destroy something in the next room, or getting sucked into a serious assessment of Celine Dion during an intensely fought soccer match featuring his beloved Arsenal, or devouring an entire series of children's books while on vacation, Hornby's reviews are rich, witty, and occasionally madcap. These essays capture the joy and ire, the despair and exhilaration of the book-lover's life, and will appeal equally to both monocle-wearing salonnieres and people, like him, who spend a lot of time thinking about Miley Cyrus's next role.
