Written by renowned wound
care experts Sharon Baranoski and Elizabeth Ayello, in collaboration with an interdisciplinary team of experts, this handbook covers all aspects of wound assessment, treatment, and care.
Now in vibrant full color, this updated Seventh Edition of Holli’s best-selling Nutrition Counseling and Education Skills: A Guide for Professionals helps students develop the
communications, counseling, interviewing, motivational, and professional skills they’ll need as Registered Dietitian professionals. Throughout the book, the authors focus on effective nutrition interventions,
evidence-based theories and models, clinical nutrition principles, and knowledge of behavioral science and educational approaches. Packed with activities, case studies, and self-assessment questions, the Seventh
Edition features new content that reflects the latest changes in the field, new online videos that bring nutrition counseling techniques to life, and a powerful array of new and enhanced in-text and online
learning tools.

This text describes the four major methods of nutritional assessment (dietary, anthropometric, biometric, and clinical) in an understandable and
contemporary way. It thoroughly covers assessment of the hospitalized individual, but also serves as an invaluable resource to the nutrition professional working in such areas as public health and community.
nutrition, corporate health, and sports medicine.
