the idea of
love. . .what
could possibly go wrong? Marisa
This should be a love story.
Everything's in place for it to be. The perfect lines, the perfect souls, but you see, Justin thinks it's a game. He thinks I'm his pawn, but he
couldn't be more wrong. Every move he makes, I'll block him. Every time he thinks he's about to seize me, I'll run. Some men underestimate the power of the queen because they're too busy playing king.
They forget she's the most powerful piece on the board. And love is not a game I'm apt at losing. What will it take for him to realize I'll never be his pawn, but I'll happily play his queen.

Justin She wants
a love story.
And while I've set it up just like I do my stories, it's not love I'm after, it's the chase. Marisa thinks she can outplay me. Even though I'm always one step ahead of her, she keeps me on.
my toes, which is why I don't underestimate her. Not one bit, but it seems she forgets the game's not over until the king is dead. And she'll never kill me, because I'll make her love me. And
then. .

.checkmate. I win. Love is not a game, but the chase certainly is.

recently fired from a lead role on a kid's TV show that was supposed to be her big break. Unable to get another acting gig, she's accepted a job in an industry she never expected to be a part of.
Although she anticipates being shocked her first few days on set, nothing could prepare her for the moment she's asked to hold the reflector as her ex-boyfriend plows through a woman like a Kansas
cornfield. In a world of lube and fake moans, is there a place for a second chance? Exes and some serious ohs...the term ex-rated just took on a whole new meaning.

Sixty-four days in captivity. Sixty-four days to lose yourself— or find yourself. I'm Ava Donovan. I was abducted at
the age of nineteen. I'm told I'm a survivor, but the truth is, I only survived because he saved me. Even when he kept me locked in that room— he saved me. Constantly wondering when and how you will
die, that does something to you. To your mind. But what do you do when it does something to your heart? What do you do when the man holding you captive seems just as broken as you are, when his
mere presence becomes a comfort you crave—when you love him even though you shouldn't? You smile and tell yourself it's okay because love has no morals. Sixty-four days in captivity gave
me a love most people will never have and my freedom took it all away.

Edwin Allen Mercer I want them all to read my words. And they do. Every last blood-stained sentence,
they've read and praised me for. They love the gore and violence, the realness. And I get a sense of power with it all because I know a secret: the victims in my books—they're real and have all died on my
table. And maybe that's why the last book had such awful reviews. Murder is, after all, a dirty little thing. Some can stomach it. Others can't. My answer to those reviews: find a woman to co-author with. To
be the next pathetic character in my book. Pity she's so pretty.
Miranda Cross
All I've ever wanted was to be successful as a writer so when I was offered the opportunity to co-author a book with my idol, EA
 Mercer, I jumped at the chance. He's beautiful and a literary genius, but something about him makes my stomach knot. And maybe it's my overactive imagination making my hairs stand on end when he walks up.
behind me. After all, these wicked little words we're typing are only fiction. They're only fiction...

Annabelle I've always loved Zander Brockman in some shape or form. The boy who lived next door for the first seventeen years of my life has been my best
friend, my confidant, my first crush, and my first love. I trusted him with my life and my heart. When he smiled at me I knew everything was going to be okay... Until it wasn't. Zander I haven't seen that girl in
seventeen years, and I've missed her every damn day. I knew I wasn't good enough for her, so the night before I left with my bandbrothers for California, I stole a night with her. I lived off those
memories. There hasn't been a day that has gone by that I haven't wanted to talk to her just one more time, but I knew she deserved a better man than me. Now, after seeing her again, I realize that I didn't
care if she should have a better man. My feelings were still as strong as they have ever been for her. I wanted to be with her... But she hated the very sight of me.

Power is rarely
an addiction of the pure. And he and I are both irrevocably tainted. He should be the enemy, but Ronan Cole is an addiction that has driven me to madness. Back and forth we go, up and down, round and round.
I hate him. I love him. I want to kill him. No man will ever love me with such twisted depravity. Together we are unstoppable. But what happens when an enemy dares to comes after us? The hunt is always
better when the queen is just as hungry as her king. This love story has no heroes.
