He is one of the most contested and explosive historical figures in the world. Muhammad: Forty Introductions offers a distinct and nuanced take on the life and teachings of Muhammad the prophet, using a traditional genre of Islamic literature called the forty hadiths collection. Hadiths are the reported sayings and actions of Muhammad that have been collected by the tens of thousands throughout Islamic history. There is a tradition in which Muslim scholars take from this vast textual ocean to compile their own smaller collections of forty hadiths, an act of curation that allows them to present their particular understanding of Muhammad’s legacy and the essential points of Islam. Here, Michael Muhammad Knight contributes his own forty hadith collection, from his point of view as a convert to Islam, ex-punk-rocker-turned-academic, who understands the religion for its heterogeneity and changeability. He examines his own faith while exploring such topics as visual portrayals of Muhammad through history; Muhammad’s views on homosexuality and the treatment of animals; the evolving definition of jihad; and Muhammad’s family’s history as migrants and refugees. By showing us how the religion has been constructed in its followers’ imaginations over centuries, and revealing how all sacred biographies are contested spaces, he carefully unravels prevailing notions about Islamic fundamentalism.”

Michael Muhammad Knight embarks on a quest for an indigenous American Islam in a series of interstate odysseys. Traveling 20,000 miles by Greyhound in sixty days, he squats in run-down mosques, pursues Muslim romance, is detained at the U.S.-Canadian border with a trunkload of Shia literature, crashes Islamic Society of North America conventions, stink-palms Cat Stevens, and limps across Chicago to find the grave of Noble Drew Ali, filling dozens of notebooks along the way. The result is this semi-autobiographical book, with multiple histories of Fard and the landscape of American Islam woven into Knight’s own story. In the course of his adventures, Knight sorts out his own relationship to Islam as he journeys from punk provocateur to a recognized voice in the community, and watches first-hand the collapse of a liberal Islamic dream. The book’s extensive cast of characters includes anarchist Sufi heretics, vegan kungfu punks, tattoo-sleeved converts in hard-core bands, spiritual drug dealers, Islamic feminists, slick media entrepreneurs, sages of the street, the grandsons of Elijah Muhammad and Malcolm X, and a group called Muslims for Bush.

In Journey to the End of Islam, Michael Muhammad Knight — whose work has led to him being hailed as both the Jack Kerouac and Hunter S. Thompson of American Islam — wanders through Muslim countries, navigating between conflicting visions of his religion. Visiting holy sites in Pakistan, Syria, Egypt, and Ethiopia, Knight engages both the puritanical Islam promoted by Saudi globalization and the heretical strands of popular folk Islam: shrines, magic, music, and drugs. The conflict of “global” and “local” Islam speaks to Knight’s own experience
approaching the Islamic world as a uniquely American Muslim with his own sources: the modern mythologies of the Nation of Islam and Five Percenters, as well as the arguments of Progressive Muslim thinkers for feminism and reform. Knight’s travels conclude at Islam’s spiritual center, the holy city of Mecca, where he performs the hajj required of every Muslim. During the rites of pilgrimage, he watches as all variations of Islam converge in one place, under the supervision of Saudi Arabia’s religious police. What results is a struggle to separate the spiritual from the political, Knight searching for a personal relationship to Islam in the context of how it’s defined by the external world.

The Salafi movement invests supreme Islamic authority in the precedents of the Salaf, the first three generations of Muslims, who represent a “Golden Age” from which all subsequent eras can only decline. In Why I Am a Salafi, Michael Muhammad Knight confronts the problem of origins, questioning the possibility of accessing pure Islam through its canonical texts. Why I Am a Salafi is also a confrontation of Knight’s own origins as a Muslim. Reconsidering Salafism, Knight explores the historical processes that informed Islam as he once knew it, having converted to a Salafi vision of Islam in 1994. In the decades since, he has drifted away from Salafism in favor of an alternative Islam that celebrates the freaks, misfits, and heretical innovators. What happens to Islam when everything’s up for grabs, and can an anything-goes Islam allow space for reputedly intolerant Salafism? In Why I Am a Salafi, Knight explores not only Salafism’s valorization of the origins, but takes the Salafi project further than its advocates are willing to go, and reflects upon the consequences of surrendering the origins forever.

If Tripping with Allah is a road book, it’s a road book in the tradition of 2001: A Space Odyssey, rather than On the Road. Amazonian shamanism meets Christianity meets West African religion meets Islam in this work of reflection and inward adventure. Knight, the “Hunter S. Thompson of Islamic literature” seeks reconciliation between his Muslim identity and his drinking of ayahuasca, a psychedelic tea that has been used in the Amazon for centuries. His experience becomes an opportunity to investigate complex issues of drugs, religion, and modernity. Though essential for readers interested in Islam or the growing popularity of ayahuasca, this book is truly about neither Islam nor ayahuasca. Tripping with Allah provides an accessible look into the construction of religion, the often artificial borders dividing these constructions, and the ways in which religion might change in an increasingly globalized world. Finally, Tripping with Allah not only explores Islam and drugs, but also Knight’s own process of creativity and discovery.

"More than a survey of the prophet’s life and times, this book is an introduction to the stunning diversity of Islam and the ways in which Muslims think, dream, and make Muhammad into their very own prophet.” —Publishers Weekly (starred review) He ranks among the most venerated historical figures in the world, as well as among the most contested. Muhammad: Forty Introductions offers a distinct and nuanced take on the life and teachings of the prophet Muhammad, using a traditional genre of Islamic literature called the forty hadiths collection. Hadiths are the reported sayings and actions of Muhammad that have been collected by the tens of thousands throughout Islamic history. There is a tradition in which Muslim scholars take from this vast textual ocean to compile their own smaller collections of forty hadiths, an act of curation that allows them to present their particular understanding of Muhammad’s legacy and the essential points of Islam. Here, Michael Muhammad Knight offers forty narrations that provide windows into the diverse ways in which Muslims envision Muhammad. He also examines his own relationship to Muslim traditions while exploring such topics as law, mysticism, sectarianism, gender, and sexuality. By revealing the Prophet to be an ongoing construction, he carefully unravels notions about Islam’s center and margins.
Recognized by readers of his novel, The Taqwacores, as the godfather of American Muslim punk, Michael Muhammad Knight is a voice for the growing number of teenagers who choose neither side of the “Clash of Civilizations.” Knight has now written his personal story, a chronicle of his bizarre and traumatic boyhood and his conversion to Islam during a turbulent adolescence. Impossible Man follows a boy’s struggle in coming to terms with his father—a paranoid schizophrenic and white supremacist who had threatened to decapitate Michael when he was a baby—and his father’s place in his own identity. It is also the story of a teenager’s troubled path to maturity and the influences that steady him along the way. Knight’s encounter with Malcolm X’s autobiography transforms him from a disturbed teenager engaged in correspondence with Charles Manson to a zealous Muslim convert who travels to Pakistan and studies in a madrassa. Later disillusioned by radical religion, he again faces the crisis of self-definition. For all its extremes, Impossible Man describes a universal journey: a wounded boy in search of a working model of manhood, going to outrageous lengths to find it.

A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman “I come from a country that was created at midnight. When I almost died it was just after midday.” When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala’s miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls’ education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person’s voice to inspire change in the world.
