Rock climbing is one of today's most popular 'extreme sports.' Although many women are involved, the sport retains a particularly male image and culture. Everyday Masculinities and Extreme Sport presents the first in-depth study of rock climbing in the UK, analysing what it reveals about the contemporary construction and performance of masculinity through sport. One of the key concerns of the book is the relationship between everyday masculinity and the pursuit of the extraordinary through sport. Drawing on insights from sociology and gender studies, the book challenges traditional...
approaches to the analysis of sport.

Land Rover Freelander - The Complete Story recounts the history of the Land Rover Freelander, and its popular successor, the Freelander 2. This new book covers the original Freelander, from its design and development to its launch and reception in 1997. In 2006, the innovative Freelander 2 was launched, with its pioneering technology in fuel efficiency. Also covered are the Freelander variants from across the world, and its use in UK law enforcement. This is an indispensable guide to the history of both generations of Freelander and is aimed at enthusiasts of Land Rover.

Since the mid-1990s, the emergence of hydrogen economy and the speed with which it will arrive have been vigorously debated. As a disruptive technology, dominant designs for the production, storage and distribution of hydrogen have not yet been established. Not have performance characteristics been
achieved to compete with the existing combustion engine, though the efficiency and durability of hydrogen fuel cells are improving. This publication highlights the uncertainties involved in making choices about hydrogen and fuel cells in planning the development policies on national energy, environment and transport sector.
