Not a Box is a fun story to read, because it is very simple. It has few words, but says so much about how important it is to foster creativity. It encourages children
to see this ordinary box in a different manner. The illustrations are pretty simple as well, but they display different ways a box can be transformed into something greater.

The opposite page is now bright red and at the bottom of it sit the words, "It's not a box." Turn the page and now the bunny is standing on top of the box. When
asked why, the red lines have turned the box into an alpine peak with the bunny at the crest of the summit. "It's not a box."

"This is not a box," replies the
rabbit, as a red robot suit is superimposed over the initial drawing. The teasing questions challenge the young rabbit, who demonstrates that a box can serve as a pirate-ship crow's nest, a hot-air balloon basket and a rocket.

If you give a child a box, who can tell what will happen next? It may
become a library or a boat. It could set the scene for a fairy tale or a wild expedition. The most wonderful thing is its seemingly endless capacity for magical adventure, a feature imaginatively captured in cardboardesque art and
rhythmically celebrated in this poetic tribute. This board book edition of the popular 2016 picture book of the same name takes the literal shape of a box to bring an imaginative concept to life.

A stirring, dramatic story of a slave who mails himself to freedom by a Jane Addams Peace Award-winning author and a Coretta Scott King Award-winning artist. Henry Brown doesn't know
how old he is. Nobody keeps records of slaves' birthdays. All the time he dreams about freedom, but that dream seems farther away than ever when he is torn from his family and put to work in a warehouse. Henry grows up and marries, but he is
again devastated when his family is sold at the slave market. Then one day, as he lifts a crate at the warehouse, he knows exactly what he must do: He will mail himself to the North. After an arduous journey in the crate, Henry finally has a birthday -- his
first day of freedom.

When his radio breaks, a little fox finds that the forest is filled with its own rhythm and music--drip drops and chirp chirps--in this picture book that gently introduces the concept of
mindfulness. A little fox is digging for food when--OUCH! What is that?--the fox finds a box! When the fox brings the box home to his animal friends--and turns a funny-looking knob--the box starts to sing, and music fills the forest. Everyone agrees that it
feels nice. Day and night, they listen to the box's songs, until, one day, it goes quiet. No matter what they try, they just can't get the box to sing again. The animals stop swishing their tails and flapping their wings.... But, in the silence, the fox hears the drip-
drop rhythm of melting icicles and the thump thump of a beaver's tail and comes to realize music is everywhere. The noises of the forest and the animals build into a symphony, until, eventually, everyone joins together in a joyous dance party. From the
author of fan favorite Douglas, You Need Glasses!, here is a wonderful celebration of music--and appreciating the little things that have surrounded you all along.
