But the good news is, once you understand it and use it, there's no going back: your writing will include it, intuitively. The writer, Anton Chekhov, defined Show don't tell like this: Don't tell me the moon is shining; show me the glint of light on the broken glass.

Get rid of weak verbs like am/is/was/are/were, has/have/had, go/went, do/did, make/made, walked, etc. (the exception is said, in dialogue). These are all telling words. Was is probably the biggest culprit to avoid, since most stories are told in the past tense. She was scared. He was angry.

If one hears one thing from every single writing instructor it’s, “Show, don’t tell.” “Don’t tell us he’s afraid of losing her, show us!” “Don’t tell us it’s a richly decorated room, show us!” “Don’t tell us the Russian tundra is cold, show us!” Easier said than done, and no one ever wrote a book on how to do it, that is until William Noble wrote this classic work a decade ago. From the use of dialogue to employing melodrama to developing incidents and anecdotes, Show Don’t Tell explains how to entertain your readers instead of lecturing to them. Written in Noble’s absorbing voice, Show Don’t Tell illustrates how to develop a dramatic framework using similes and metaphors, a focused point of view, steady pacing, increasing tension, and an appeal to the senses to create solid dramatic impact. In other words, how to show, not tell! Perfect for novelists, short story writers, and those interested in writing creative nonfiction.

Do you finally want to learn the secret to all great fiction writing? Do you want to write like bestselling authors? Do you want publishers to sit up and take real notice of your stories? Robyn Opie Parnell, bestselling author of ninety five published books, says: "I can't stress how important it is to grasp the profound difference between showing and telling in your writing." But what does the phrase 'Show, Don't Tell' actually mean? What is the one simple ingredient that all bestselling novels have in common? The one trait that keeps readers hooked from beginning to end? The one quality that has editors begging for more manuscripts? The authors of these books, whether they're published by a traditional publisher or self-published on-line with sites like Amazon, are all masters in the art of showing - and not telling. Let's face it, a publisher is going to show a massive preference for a professionally written manuscript containing every ingredient possible to make sure your chances of success are maximized. You positively need to 'show' and not 'tell' your stories. That's a given. But the art of actively 'showing' your story to readers versus merely 'telling' them is not a skill that comes easily to many writers. But it is a skill that can be learned - by anyone. Unfortunately, in her time as a writing teacher and mentor, Robyn
has been forced to realize that many writers simply don't know what show don't tell actually entails -
even if when they think they do and even when they say they do! What about you? Do you know how to
turn tired, dry storytelling into vivid and compelling prose? Even if you do (in principle), do you still
experience difficulty actually changing the way you tell stories? Well, maybe that's because nobody in
authority, someone who really knows, has ever gone out of their way to explain what to do and how it's
done in a down-to-earth, practical and easily achievable way. Until now. "Show, Don't Tell: The
Ultimate Writers’ Guide" from Robyn Opie Parnell, the bestselling author of over ninety published
books, can now help you learn to enhance your own writing from the comfort of your own computer.

All Dane Gale ever wanted was to be a successful writer. After a few sessions with his new friends Rose
and Sherry at a romance book club, well, the more romances they read, the more they’re convinced they
can do better. And do they ever! They join their creative forces to become ❦Pamela Clarice,❯ self-
published romance novelist. When they look for a cover model for their first book, Dane sees the photos
that will change his life. Paul Musegetes is the world’s most popular romance cover model, and the most
secretive. Dane soon finds himself obsessed with this supernaturally handsome man, and when he meets

After that night, Dane's a writing machine. He can't stop writing romances, and every story he touches turns to gold. But he also finds that he can't write anything but romances. And soon he's spending every waking moment of every day writing another after another... Then Dane finds out that this Midas touch has a heavy price. When the year is over, he'll never write again. Not a romance, not a serious novel. Nothing. Not even a grocery list. And that leaves him with only one option — find Paul, and get him to break the curse. But before he can do that, he'll have to track down Paul's equally mysterious photographer, Jackson da Vinci.

EXCERPT: I stopped crying around my third drink. Rose and Sherry patted me on the shoulder, and we'd reshuffled the chairs so that my back was to the rest of the bar and nobody could see me blubber. "What am I going to do?" I cried. "I'm going to be nothing. All my life, all I ever wanted to do was write. And then this happened, and I was writing! And I loved it..." But the whole idea was that I'd do this till I got rich, and then, I'd write more books like "The Doldrums," and if they didn't sell, well, so what? I finished off my concoction as Rose signaled for another round. "Maybe," Sherry said, a little wobbly herself after two glasses of wine, "he's been around forever. Paul." "What do you mean?" Rose asked. "Maybe he's been doing this throughout the ages," Sherry mused. "For all we know, he's been crowning the Queen of Romance Novels for eternity. "Rose's eyebrows went up. "You mean, like, he schtupped Barbara Cartland?" This made me laugh at the worst moment, and I choked on my drink. But Sherry took her seriously. "Sure, or even Jane Austen, for all we know. Maybe she got some after all. And where else did all these ladies keep coming up with tall dark and handsome, huh?" "But that implies he's immortal or supernatural or..." I tailed off. "We should find his old pics, and run them through some kind of facial recognition software. Compare them to the recent ones, see if he's aged?" Rose shook her head. "No, he doesn't look a day older, but he hasn't been around that many years. And look at Elijah Wood! Ever since "Lord of the Rings," he hasn't aged a day." "Maybe he's not human either," Sherry speculated.

Jay, your average stoner from Portland Oregon, finds out when he's twenty-one that he is Jesus, the son of God. Through a series of hilarious and heartbreaking adventures, he finally learns of his true identity, long after he was supposed to. His reincarnated disciples are a mixture of loveable and misunderstood characters that join Jay on a journey across the Country that leads them to Elvis, Oprah, jail, and near death experiences. And when Jay becomes too big for the Church to control, they confront a situation that could very well destroy the world.
