Whether writing of the Alps, the high seas, or the North Pole, Fergus Fleming has won acclaim as one of today's most vivid and engaging historians of adventure and exploration. The Sword and the Cross takes us to the Sahara at the end of the nineteenth century, when France had designs on a hostile wilderness dominated by deadly Tuareg nomads. Two fanatical adventurers, Charles de Foucauld and Henri Laperrine, rose to the cause of their country's national honor. Abandoning his decadent lifestyle as a sensualist and womanizer, Foucauld founded a monastic order so severe that during his lifetime it never had a membership
of more than one. Yet he remained a committed imperialist and from his remote hermitage continued to assist the military. The stern career soldier Laperrine, meanwhile, founded a camel corps whose exploits became legendary. During World War I the Sahara's fragile peace crumbled. In the desert mountains Foucauld paid a tragic price for his role as imperial pawn. Laperrine, by then recalled to the Western Front, returned to avenge his friend.

This authoritative, comprehensive, and enthralling book describes and analyzes Napoleon's most powerful weapon -- the Grande Armee which at its peak numbered over a million soldiers. Elting examines every facet of this incredibly complex human machine: its organization, command
system, logistics, weapons, tactics, discipline, recreation, mobile hospitals, camp followers, and more. From the army's formation out of the turmoil of Revolutionary France through its swift conquests of vast territories across Europe to its legendary death at Waterloo, this book uses excerpts from soldiers' letters, eyewitness accounts, and numerous firsthand details to place the reader in the boots of Napoleon's conscripts and generals. In Elting's masterful hands the experience is truly unforgettable.

This third in a sequence of four titles describes and illustrates a selection of the recipients: from much-wounded front line infantry officers, to Hitler's 'brother-in-law'; from a sergeant pilot fighter ace, to the commanding general of the greatest tank force ever gathered on the Russian Front.
