In a dazzlingly original work of nonfiction, the two time Pulitzer-Prize winning author of The Underground Railroad and The Nickel Boys recreates the
exuberance, the chaos, the promise, and the heartbreak of New York. Here is a literary love song that will entrance anyone who has lived in—or spent time—in the greatest of American cities. A masterful evocation of the
city that never
sleeps, The
Colossus of New
York captures the
city’s inner and
outer landscapes in
a series of
vignettes,
meditations, and
personal
memories. Colson
Whitehead conveys
with almost
uncanny
immediacy the feelings and thoughts of longtime residents and of newcomers who dream of making it their home; of those who have conquered its challenges; and of those who struggle against its cruelties.
Whitehead’s style is as multilayered and multifarious as New York itself: Switching from third person, to first person, to second person, he weaves individual voices into a jazzy musical composition that perfectly reflects the way we
experience the city. There is a funny, knowing riff on what it feels like to arrive in New York for the first time; a lyrical meditation on how the city is transformed by an unexpected rain shower; and a wry look at the ferocious battle.
that is commuting. The plaintive notes of the lonely and dispossessed resound in one passage, while another captures those magical moments when the city seems to be talking directly to you, inviting you to become one with its rhythms. The
Colossus of New York is a remarkable portrait of life in the big city. Ambitious in scope, gemlike in its details, it is at once an unparalleled tribute to New York and the ideal introduction to one of the most exciting writers.
working today. Look for Colson Whitehead’s new novel, Harlem Shuffle, coming this September!

In a series of personal reminiscences,
anecdotes, lyrical meditations, and vignettes, the award-winning author of The Intuitionist captures the complex inner and outer landscapes of the city of New York in an intimate portrait of life in the city. Reprint. 17,500 first
Millers great book about Greece's people and their past.

From the two-time Pulitzer Prize-winning author of The Underground Railroad and The Nickel Boys: a tender, hilarious,
and supremely original novel about coming-of-age in the 80s. Benji Cooper is one of the few black students at an elite prep school in Manhattan. But every summer, Benji escapes to the Hamptons, to Sag Harbor, where a small community
of African American professionals have built a world of their own. The summer of ’85 won’t be without its usual trials and tribulations, of course. There will be complicated new handshakes to fumble through and state-of-the-art profanity to
master. Benji will be tested by contests big and small, by his misshapen haircut (which seems to have a will of its own), by the New Coke Tragedy, and by his secret Lite FM addiction. But maybe, just maybe, this summer might be
one for the ages. Look for Colson Whitehead’s new novel, Harlem Shuffle, coming this September!

From the two-time Pulitzer Prize-winning author of The Underground Railroad and The Nickel Boys Colson Whitehead’s
triumphant novel is on one level a multifaceted retelling of the story of John Henry, the black steel-driver who died outracing a machine designed to replace him. On another level it’s the story of a disaffected, middle-aged black
journalist on a mission to set a record for junketeering who attends the annual John Henry Days festival. It is also a high-velocity thrill ride through the tunnel where American legend gives way to American pop culture, replete
with p. r. flacks, stamp collectors, blues men, and turn-of-the-century song pluggers. John Henry Days is an acrobatic, intellectually dazzling, and laugh-out-loud funny book that will be read and talked about for years to come. Look for

Colson Whitehead’s new novel, Harlem Shuffle, coming this September!

In 2011, Grantland magazine gave novelist Colson Whitehead $10,000 to play at the World Series of Poker in Las Vegas. Whitehead brilliantly details
his progress, both literal and existential, through the event's antes and turns, through its gritty moments of calculation, hope, and spectacle. -- back cover.

Central Park is perhaps the most well-trodden and
familiar green space in the county. It is both a refuge from the city and Manhattan's very heart; a respite from the urban grind and a hive of activity all its own. 843 carefully planned acres allow some 37 million visitors.
each year to come and get lost in a sense of nature. Unsurprisingly, the park also inspires a wealth of great writing, and here Andrew Blauner collects some of the finest fiction and nonfiction—20 pieces in all, with classics sprinkled among 13 new
ones commissioned from great New York writers. Bill Buford spends a wild night in the park; Jonathan Safran Foer envisions it as a tiny, transplanted piece of a mythical Sixth Borough; and Marie Winn answers definitively Holden
Caulfield's question of where the ducks go when the park's ponds freeze over. There are bird sightings and fish sightings; Jackie Kennedy and James Brown sightings; and pieces by Colson Whitehead, Paul Auster, and Francine Prose.
collection presents Central Park, in all its many-faceted glory, a 51-block swath of special magic.

In the summer of 1948, E.B. White sat in a New York City hotel room and, sweltering in the heat, wrote a remarkable pristine
essay, Here is New York. Perceptive, funny, and nostalgic, the author’s stroll around Manhattan—with the reader arm-in-arm—remains the quintessential love letter to the city, written by one of America’s foremost literary figures.
Here is New York has been chosen by The New York Times as one of the ten best books ever written about the city. The New Yorker calls it “the wittiest essay, and one of the most perceptive, ever done on the city.”
