Azuba lives in a small port on the east coast of Canada, and longs to be the kind of sea-captain’s wife who travels with her husband, rather than a woman who sits at home in a dull, safe world, awaiting her man’s return. A long wait, as these voyages were often two years or more in length.

The Captain's Wife is the story of a woman driven by determination and strength to hold together a family she dearly loves amid the dangers and hardships of an often harsh and frightening world. The life Azuba once desperately longed introduces her not only the pleasure of adventure but brings her and her family to the brink of death, to face impossible decisions, and challenge the very foundation of her marriage in order to survive.

The Captain's Wife is a public house in the former fishing hamlet of Swanbridge in Sully, between Barry and Penarth, Vale of Glamorgan, south Wales. The pub was established in 1977 from a row of three sea houses. Notable smuggling operations and dove culling once took place here and a tunnel connected the sea to what was known as Sully House. It takes its name from the wife of a sea captain who lived here and buried her in a nearby wood rather than confessing to her dying aboard his ship. The bo

An award-winning historian chronicles the remarkable life of Eunice Connolly, her poverty-stricken upbringing in New England, marriage to a Southern man who died fighting for the Confederacy during the Civil War, return to New England, marriage to a black sea captain, and move to the West Indies, based on a collection of five hundred family letters.

A gripping novel of love and adventure on the high seas that introduces an unforgettable young heroine. Growing up on the Bay of Fundy in the 1860s, Azuba Galloway is determined to escape the confines of her town and live at sea. When she captures the heart of Captain Nathaniel Bradstock, she is sure her dreams are about to be realized, only to have pregnancy intervene. But when Azuba becomes embroiled in a scandal, Nathaniel must bring his young family abroad to save his reputation. Azuba gets her wish, but at what price? Alone in a male world, and juggling the splendor of foreign ports with the terror of the open seas, Azuba must fight to keep her family together. Blending the high-tension drama of missed chances and unexpected twists of the sort that made A Reliable Wife a bestseller with the pluck and spirit of a heroine in the vein of Laura Ingalls Wilder, The Sea Captain's Wife will captivate readers and critics alike.

A finalist for the Lincoln Prize, The Sea Captain's Wife "comes surprisingly, and movingly, alive" (Tina Jordan, Entertainment Weekly). Award-winning historian Martha Hodes brings us into the extraordinary world of Eunice Connolly. Born white and poor in New England, Eunice moved from countryside to factory city, worked in the mills, then followed her husband to the Deep South. When the Civil War came, Eunice's brothers joined the Union army while her husband fought and died for the Confederacy. Back in New England, a widow and the mother of two, Eunice barely got by as a washerwoman, struggling with crushing depression. Four years later, she fell in love with a black sea captain, married him, and moved to his home in the West Indies. Following every lead in a collection of 500 family letters, Hodes traced Eunice's footsteps and met descendants along the way. This story of misfortune and defiance takes up grand themes of American history—opportunity and racism, war and freedom—and illuminates the lives of ordinary people in the past. Mary Patten, the wife of a clipper ship navigator, finds herself in the world's most dangerous ocean waters off Cape Horn and in command of the ship's mutinous crew when her husband falls ill, in an epic historical novel based on the real-life exploits of a remarkable woman. A first novel. Reader's Guide available. Reprint.

In the great sweep of history, of winds, tides and seasons, there is a story of courage and survival that belongs not to a great sea captain, but to his wife...While James Cook circumnavigated the globe, travelling further than any man had before, Elizabeth Cook travelled with him in her thoughts, imagining the exotic, the sensual and the strange. There were months, sometimes years, with no word...But as James sailed into the blue, earning his place in history, Elizabeth Cook made discoveries of her own. Though she rarely left London, she was propelled on a journey into the far reaches of the human heart, a journey marked by James' departures and those of her six children, whom she lost one by one...This is a rich portrayal of the life of a woman whose passion and intellect matched that of her celebrated husband. It is a lyrical exploration of imagined interior worlds, shaped by historical fact. It is, above all, a celebration of love and endurance.

Outpirating the pirates with one of the most interesting men alive: Max Hardberger recounts his adventures repossessing ships and sneaking them out of lawless, third-world countries, often under threat of death or imprisonment. His journeys lead him from corrupt ports in the Caribbean to the ice-bound docks of Vladivostok. His adventures in rescuing ships pit him against a rogue's gallery of antagonists, including Haitian rebels, modern-day Caribbean pirates and Russian mobsters. • Capt. Max Hardberger uses every trick, tool and tactic at his disposal to right wrongs and out-pirate pirates in this action-packed expose of the seedy underworld of international shipping. As a professional ship extractor, he risks death and imprisonment in dangerous third-world ports to steal ships from modern buccaneers and corrupt governments and deliver them back to their rightful owners. In the course of his adventures, he's had to outwit resourceful crime families, subdue armed soldiers, and turn the tables on clever con artists. He's escaped imprisonment in Venezuela and avoided death at the hands of the Russian mafia. Because Max shuns the use of force, the ingenious methods he must use to accomplish his missions are the stuff of legend he's employed a witch doctor in Haiti, tricked armed guards off a ship in Honduras, and rented a brothel in Mexico, all to thwart the designs of ship-thieves. Seized! is an intense, fast-paced window on the underbelly of ocean shipping, where all power comes from the barrel of a gun, and the only law is the law of survival. -- "Max Hardberger, maritime repo man extraordinaire ... Using a combination of ingenuity, stealth and good old-fashioned derring-do, he has made his name retaking vessels which have been hijacked or which, through local corruption, are impounded by authorities hungry for bribes." • -- Sunday Express • "With most people, the longer you spend talking to them, the more normal they appear. With Hardberger, the reverse applies. Just when you think you've heard it all, he comes up with something wilder ... Over the years, he's distracted crews with prostitutes and witch doctors, bribed officials to look the other way, conned Russian mobsters and hidden from naval radar by riding out thunderstorms at sea; he's even taken a 10,000-tonne freighter out of Haiti while the 2004 revolution was going on around him." • -- Guardian • "Required reading, fascinating. Maritime Repo Man Hardberger does it tough; his life is flown by the seat of his pants, or shipped, much like his profession ... This book delivers." • -- Paul Carter, bestselling author of Don't Tell Mum I Work On The Rigs and This Is Not A Drill • "In this heart-stopping account of his work recovering stolen (or otherwise illegally-seized) ships from 'hellhole' ports, commercial captain Hardberger proves himself
tough as a tank and articulate as a poet... [He] has a seafarer's gift for atmospheric storytelling, layering details to create a sense of place, history, and foreboding... Hardberger's escapades make undeniably fun reading.” • -- Publishers Weekly • "One of the strengths of Hardberger's book is his prose, which is lucid, entertaining and dramatic." • -- Daniel Sekulich, author of Terror on the Seas: True Tales of Modern Day Pirates

A New York Times Notable Book "Sea Wife is a gripping tale of survival at sea--but that's just the beginning. Amity Gaige also manages, before she's done, to probe the underpinnings of romantic love, marriage, literary ambition, political inclinations in the Trump age, parenthood, and finally, the nature of survival itself in our broken world. Gaige is thrillingly talented, and her novel enchants." --Jennifer Egan

"Sea Wife brilliantly breathes life not only into the perils of living at sea, but also into the fraught and hidden dangers of domesticity, motherhood, and marriage. What a smart, swift, and thrilling novel.”

--Lauren Groff From the highly acclaimed author of Schroder, a smart, sophisticated page literary page-turner about a young family who escape suburbia for a yearlong sailing trip that upends all of their lives. Juliet is failing to juggle motherhood and her stalled-out dissertation on confessional poetry when her husband, Michael, informs her that he wants to leave his job and buy a sailboat. With their two kids--Sybil, age seven, and George, age two--Juliet and Michael set off for Panama, where their forty-four foot sailboat awaits them. The initial result is transformative; the marriage is given a gust of energy, Juliet emerges from her depression, and the children quickly embrace the joys of being feral children at sea. Despite the stresses of being novice sailors, the family learns to crew the boat together on the ever-changing sea. The vast horizons and isolated islands offer Juliet and Michael reprieve - until they are tested by the unforeseen. Sea Wife is told in gripping dual perspectives: Juliet's first person narration, after the journey, as she struggles to come to terms with the life-changing events that unfolded at sea, and Michael's captain's log, which provides a riveting, slow-motion account of these same inexorable events, a dialogue that reveals the fault lines created by personal history and political divisions. Sea Wife is a transporting novel about marriage, family and love in a time of unprecedented turmoil. It is unforgettable in its power and astonishingly perceptive in its portrayal of optimism, disillusionment, and survival.

With her pistols loaded she went aboard And by her side hung a glittering sword In her belt two daggers, well armed for war Was this female smuggler Was this female smuggler who never feared a scar. If a "hen frigate" was any ship carrying a captain's wife, then a "she captain" is a bold woman distinguished for courageous enterprise in the history of the sea. "She captains," who infamously possessed the "bodies of women and the souls of men," thrilled and terrorized their shipmates, doing "deeds beyond the valor of women." Some were "bold and crafty pirates with broadsword in hand." Others were sirens, too, like the Valkyria Princess Alfhild, whom the mariners made rover-captain for her beauty. Like their male counterparts, these astonishing women were drawn to the ocean's beauty -- and its danger. In her inimitable, yarn-spinning style, award-winning historian Joan Druett tells us what life was like for the women who dared to captain ships of their own, don pirates' garb, and perform heroic and hellacious deeds on the high seas. We meet Irish raider Grace "Grania" O'Malley -- sometimes called "the bald Grania" because she cut her hair short like a boy's -- who commanded three galleys and two hundred fighting men. Female pirates Anne Bonny and Mary Read were wanted by the law. Armed to the teeth with cutlasses and pistols, they inspired awe and admiration as they swaggered about in fancy hats and expensive finery, killing many a man who cowered cravenly before them. Lovelorn Susan "Put on a jolly sailor's dress/And daubed her hands with tar/To cross the raging sea/On board a man of war" to be near her William. Others disguised themselves for economic reasons. In 1835, Ann Jane Thornton signed on as a ship's steward to earn the fair wage of nine dollars per month. When it was discovered that she was a woman, the captain testified that Jane was a capital sailor, but the crew had been suspicious of her from the start, "because she would not drink her grog like a regular seaman." In 1838, twenty-two-year-old Grace Darling led the charge to rescue nine castaways from the wreck of the
Forfarshire (the Titanic of its day). "I'll save the crew!" she cried, her courageous pledge immortalized in a torrent of books, songs, and poems. Though "she captains" had been sailing for hundreds of years by the turn of the twentieth century, Scotswoman Betsey Miller made headlines by weathering "storms of the deep when many commanders of the other sex have been driven to pieces on the rocks." From the warrior queens of the sixth century B.C. to the women shipowners influential in opening the Northwest Passage, Druett has assembled a real-life cast of characters whose boldness and bravado will capture popular imagination. Following the arc of maritime history from the female perspective, She Captains' intrepid crew sails forth into a sea of adventure.
