A practical guide covering everything the serious trader needs to know While a variety of approaches can be used to analyze financial market behavior and identify potential trading/investing opportunities, no approach is completely accurate. The challenge for traders is to find a method that they feel comfortable with and are able to implement consistently, through the normal ups and downs of trading. The Trading Course provides you with a detailed description of the methods used to analyze markets, spot profitable trading opportunities, and properly execute trades. Page by page, this book references different trading methodologies, but focuses specifically on applying them when attempting to identify good trades. Discusses the principles of price behavior, trends, trade set ups, trade execution, and intermarket relationships. Details different trading tools and techniques, including Japanese Candlesticks, Elliott Wave, Dow Theory, momentum indicators, and much more! If you want to become a successful trader, you have to be prepared. This book will show you what it takes to make it in this field and how you can excel without getting overwhelmed.

The companion volume to The Trading Book—practical, hands-on exercises that make trading decisions easier than ever Filled with activities, exercises, and expert advice, The Trading Book Course explains how to accurately identify market conditions before beginning to trade—which is the key to determining the best entry and exit points possible. It also teaches you how to combine powerful technical analysis with smart trading psychology to increase your chances of success even more! The Trading Book Course provides everything you need to evaluate: Trends * Peaks * Price/Volume Relationships * Support/Resistance * Price Patterns * Moving Averages * Momentum Indicators The Trading Book Course includes case studies of real traders making real trades to clearly illustrate what you should do and what you should avoid in every trade. The only path to successful trading is practice. The Trading Book Course provides the virtual practice you need so that you can hit the ground running toward real profits in the actual marketplace.

THE SMARTEST TRADES. THE HOTTEST MARKETS. THE ONLY BOOK YOU NEED. You don’t have to be a professional trader to win big in the stock market. That’s what Anne Marie Balynd learned when she changed her career from neuroscience researcher to full-time momentum trader. Now, with her popular website and this brilliant new book, she teaches other traders how to master the market using her proven combination of analytics and psychology. The Trading Book shows you how to: Master the power of technical trading Increase profits using probabilities and pattern recognition Focus on precision trading for consistent results Discover the benefits of waves and fill Embrace the habits of highly effective traders This one-of-a-kind guide goes beyond the numbers and statistics to show you the complex psychology behind the trades—from the greatest gains to the hardest losses. You’ll discover how other traders deal with making counterintuitive decisions, how to use technical indicators to identify the momentum and direction of the markets, and how to achieve your long-term financial goals through discipline, dedication, and endurance. Filled with insightful case studies, interviews, exercises, and guidelines for keeping a personal trading journal, this is more than a crash course for beginners or an industry guide for experts. This is the book on trading. Praise for The Trading Book: “Anne Marie is an amazing trader who loves to share ideas. She knows it makes her smarter and so sharing is not really giving away anything. Anne Marie can explain complex trading ideas in a digestible manner, and any level of trader or investor will benefit from this book.” —Howard Lindzon, cofounder and CEO of StockTwits and author of The StockTwits Edge “The Trading Book does an outstanding job of offering step-by-step explanations of trading strategies and methods. Anyone looking for a clear path to profits in the markets will find the pre-trade checklist especially helpful for staying disciplined during the trading day. The lessons on reading stock charts are some of the best I’ve seen and worth reading multiple times.” —Tim Bourquin, Traderinterviews.com “This excellent book balances trading wisdom, psychology, common sense, and valuable strategies that you can put to work immediately. I think that the ‘woman’s perspective’ really adds something that most trading books are missing. Read this book; trust me!” —Brian Shannon, author of Technical Analysis Using Multiple Timeframes and President of Alphatron.net
