Through the colorful autobiography of pickpocket and con man George Appo, Timothy Gilfoyle brings to life the opium dens, organized criminals, and prisons that comprised the rapidly changing criminal underworld of late-nineteenth-century America. The book’s introduction and supporting documents, which include investigative reports and descriptions of Appo and his world, connect Appo’s memoir to the larger story of urban New York and how and why crime changed during this period. It also explores factors of race and class that led some to a life of crime, the experience of criminal justice and incarceration, and the masculine codes of honor that marked the emergence of the nation’s criminal subculture. Document headnotes, a chronology, questions for consideration, and a selected bibliography offer additional pedagogical support.

Obscene, libidinous, loathsome, lascivious. Those were just some of the ways critics described the nineteenth-century weeklies that covered and publicized New York City’s extensive sexual underworld. Publications like the Flash and the Whip—distinguished by a captivating brew of lowbrow humor and titillating gossip about prostitutes, theater denizens, and sporting events—were not the sort generally bound in leather for future reference, and despite their popularity with an enthusiastic readership, they quickly receded into almost complete obscurity. Recently, though, two sizable collections of these papers have reemerged, and in The Flash Press three renowned scholars provide a landmark study of their significance as well as a wide selection of their ribald articles and illustrations. Including short tales of urban life, editorials on prostitution, and moralizing rants against homosexuality, these selections epitomize a distinct form of urban journalism.

A comprehensive protest of a distinctive architectural landmark discusses the design and construction of Chicago’s Millennium Park, a unique combination of urban park, outdoor art museum, cultural center, and performance space, detailing every step in the planning and building process in more than five hundred photographic images.

"A remarkable tale."—Chicago Tribune In George Appo’s world, child pickpockets swarmed the crowded streets, addicts drifted in furtive opium dens, and expert swindlers worked the lucrative green-goods game. On a good night Appo made as much as a skilled laborer made in a year. Bad nights left him with more than a dozen scars and over a decade in prisons from the Tombs and Sing Sing to the Matteawan State Hospital for the Criminally Insane, where he reunited with later joined the late Laith.
another inmate, his father. The child of Irish and Chinese immigrants, Appo grew up in the notorious Five Points and Chinatown neighborhoods. He rose as an exemplar of the "good fellow," a criminal who relied on wile, who followed a code of loyalty even in his world of deception. Here is the underworld of the New York that gave us Edith Wharton, Boss Tweed, Central Park, and the Brooklyn Bridge.

Recounts six infamous crimes committed in nineteenth-century Mexico City and the underworld they were used to create.
