backgrounds climbed into the clouds, to the peak of Mount Everest. However, as the years passed, only Hilary's name lived on in the history books while, in the west, Norgay's was mostly forgotten. In Tiger of the Snows, Robert Burleigh introduces young readers to one of the Far East's greatest heroes and tells
the long-neglected story of a little boy with an unimaginable dream, who refused to be daunted by the world's most daunting mountain, and who came to be known as the tiger of the snows. Caldecott winner Ed Young brings Everest to life with hauntingly, subtly beautiful animal imageries and resplendent colors,
capturing the breathtaking grandeur and life force of the mountain the Nepalese call Mother Goddess of the Earth.

The true story of the tragedy and survival on one of the world's most
dangerous mountains. In 1922, Himalayan climbers were British gentlemen, and their Sherpa and Tibetan porters were "coolies," unskilled and inexperienced casual laborers. By 1953, Sherpa Tenzing Norgay stood on the summit of Everest, and the coolies had become the "Tigers of the Snow." Jonathan Neale's absorbing new book is...
both a compelling history of the oft-forgotten heroes of mountaineering and a gripping account of the expedition that transformed the Sherpas into climbing legends. In 1934 a German-led team set off to climb the Himalayan peak of Nanga Parbat, the ninth highest mountain on earth. After a disastrous...
assault in 1895, no attempt had been made to conquer the mountain for thirty-nine years. The new Nazi government was determined to prove German physical superiority to the rest of the world. A heavily funded expedition was under pressure to deliver results. Like all climbers of the time, they did not really understand what

altitude did to the human body. When a hurricane hit the leading party just short of the summit, the strongest German climbers headed down and left the weaker Germans and the Sherpas to die on the ridge. What happened in the next few days of death and fear changed forever how the Sherpa climbers thought of themselves. From that...
point on, they knew they were the decent and responsible people of the mountain. Jonathan Neale interviewed many old Sherpa men and women, including Ang Tsering, the last man off Nanga Parbat alive in 1934. Impeccably researched and superbly written, Tigers of the Snow is the compelling narrative of a climb gone
wrong, set against the mountaineering history of the early twentieth century, the haunting background of German politics in the 1930s, and the hardship and passion of life in the Sherpa valleys.

In a story of Everest unlike any told before,
Jamling Tenzing Norgay gives us an insider's view of the Sherpa world. As Climbing Leader of the famed 1996 Everest IMAX expedition led by David Breashears, Jamling Norgay was able to follow in the footsteps of his legendary mountaineer father, Tenzing Norgay, who with Sir Edmund Hillary was the first to reach the
summit of Mount Everest, in 1953. Jamling Norgay interweaves the story of his own ascent during the infamous May 1996 Mount Everest disaster with little-known stories from his father's historic climb and the spiritual life of the Sherpas, revealing a fascinating and profound world that few—even many who have made it
to the top -- have ever
seen.

In 2003, the world will
celebrate the 50th
anniversary of Sir
Edmund Hillary and
tenzing Norgay Sherpa's
historic ascent of Mount
Everest, an event which
became the defining
moment in 20th-century
adventure and delivered
fame and glory to the
men who took part in the expedition. All, perhaps, except Tenzing, who, after a brief honeymoon period with the world’s media and political leaders, returned to his humble home in the hill station of Darjeeling, India, and never properly received the credit and plaudits he so richly deserved. In 1986 he passed away, having
touched the hearts of all those he came across, and having done so much for his people. Tenzing and the Sherpas of Everest is the inspiring story of this poor and illiterate man who left his small ancestral village in a remote part of the Himalaya and through grit, courage and sheer determination climbed the world's highest peak.
mountain and become a hero around the globe. But it is also a tribute to Tenzing’s family and the Sherpa people who have contributed so much to exploration in the Himalaya over the last hundred years.
