Exploring Literature is a complete teaching unit designed to give you everything needed to help students understand and appreciate fine literature. This exciting approach includes classroom-tested activities sure to save you hours of valuable preparation time.

Written specifically for short medical terminology courses in a variety of educational settings or for self-study learning, Medical Terminology Made Easy, Fourth Edition, is a self-paced learning approach designed to ease you into the language of medicine that separates the layperson from the professional. The programmed-
learning format requires active participation through reading, writing, answering questions, labeling, repetition, and providing immediate feedback. This format will help you to correctly decipher new terms by identifying and then practicing different word parts.

Exploring Literature is a complete teaching unit designed to give you everything needed to help students understand and appreciate fine literature. This exciting approach includes classroom-tested activities sure to save you hours of valuable preparation time.

Exploring Literature is a complete teaching unit designed to give you everything needed to help students understand and appreciate fine
literature. This exciting approach includes classroom-tested activities sure to save you hours of valuable preparation time.

This study guide provides parents, teachers and students with multiple opportunities to practice and master the math content areas on the CAHSEE. The lessons use plain language to define academic concepts and simplify seemingly complicated ideas within the California state standards. The topics covered within the workbook mirror the test itself: number sense, statistics, data analysis and probability, measurement and geometry, algebra and functions, mathematical reasoning and algebra I. All questions are formatted to match
the CAHSEE and there are three complete practice tests included. This is the ideal solution for tutorial, home study or independent study students.

Study Guides for CAPE have been developed and written by CXC to provide CAPE candidates in schools and colleges with resource materials to help them prepare for their exams. Matching the topics in the syllabus, the student-friendly structure and content enable students to develop their skills and confidence as they approach the examination.

Written by a senior examiner, Jean-Marc Lawton, this AQA(A) A2 Psychology Student Unit Guide is the essential study companion for Unit 3: Topics in Psychology: Biological Rhythms and Sleep, Relationships,
Aggression and Cognition and Development. This full-colour book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic summaries, knowledge check questions and a quick-reference index examiner's advice throughout, so you will know what to expect in the exam and will be able to demonstrate the skills required meets 2012 specification changes exam-style questions, with graded student responses, so you can see clearly what is required to get a better grade.
